

# Colorado Children's Health Insurance Status

**DATA SUPPLEMENT**  
MARCH 2012

## County-level estimates of children eligible but not enrolled in Medicaid or CHP+

Recent state and federal policy initiatives have focused on expanding eligibility for publicly-financed coverage programs in an effort to reduce the number of uninsured children in Colorado. Another way to address the uninsured rate is to increase the percentage of children who enroll in insurance programs for which they are already eligible. This document contains estimates by the Colorado Health Institute (CHI) of children eligible but not enrolled (EBNE) in the Medicaid and the Child Health Plan Plus (CHP+) programs. The estimates are provided to help health care leaders understand enrollment patterns in these programs.

CHI has developed a companion fact sheet entitled *Colorado Children's Health Insurance Status: How many children are eligible but not enrolled in Medicaid or CHP+?* available for download at [www.ColoradoHealthInstitute.org](http://www.ColoradoHealthInstitute.org).

As displayed in Table 1, an estimated 132,000 Colorado children (10%) were uninsured in 2010. Of these children, approximately 82,000 had family incomes at or below 205 percent of the federal poverty level (FPL) and were eligible for Medicaid or CHP+.\*

**Table 1. Colorado Children ages 0-18 years by uninsurance status, family income, and documentation status, 2010**

Family income (percent of FPL) <sup>a</sup>	Uninsured <sup>b</sup>		Insured		Total
	Estimate	Margin of Error (+/-)	Estimate	Margin of Error (+/-)	
0-205%	82,036	9,220	440,718	19,184	522,754
>205-250%	11,748	4,025	78,543	8,275	90,291
>250-300%	11,069	3,789	87,725	7,924	98,794
>300-400%	6,705	2,425	156,504	11,564	163,209
>400%	6,022	2,146	369,956	17,653	375,978
Ineligible children based on documentation or citizenship status	14,475	3,615	14,965	3,547	29,440
<b>TOTAL</b>	<b>132,055</b>		<b>1,148,411</b>		<b>1,280,466<sup>c</sup></b>

<sup>a</sup> The federal poverty level (FPL) in 2010 was \$22,050 for a family of four; <sup>b</sup> Uninsured at the time of the survey;

<sup>c</sup> Does not include children for whom no poverty data is available.

SOURCE: CHI analysis of the 2010 American Community Survey

### DATA SOURCES

The data source used for this analysis was the U.S. Census Bureau's 2010 American Community Survey (ACS). The ACS is an annual stratified random sample survey of approximately 50,000 Coloradans. These estimates include only uninsured children who were U.S. citizens or legal residents who had lived in the country for at least five years and met the income eligibility guidelines. A child was counted as uninsured if his or her parent reported that the child did not have any form of health insurance at the time at which the ACS questionnaire was administered.

County and state Medicaid and CHP+ enrollment figures were provided by the Colorado Department of Health Care Policy and Financing (HCPF) Budget Division. These enrollment figures summarize the average monthly enrollment for the period January-December 2010.

For more information on how these estimates were calculated, please see the description of CHI's methods, available at [www.ColoradoHealthInstitute.org](http://www.ColoradoHealthInstitute.org).

\*Although CHP+ eligibility was expanded to children with incomes up to and including 250 percent of the FPL in May 2010, for the purposes of this brief, CHI modeled eligibility for children up to 205 percent of FPL.

Note: Not available = Not reported by HCPF due to fewer than 30 cases. Because enrollment data were not available for a few small counties, the sum of the counties does not equal the state enrollment total.

SOURCE: Enrollment data from the HCPF Budget Division; uninsured estimates based on CHI analyses of the 2010 American Community Survey.

# County-level estimates of the CHCAA children's CHP+ expansion

The Colorado Health Care Affordability Act of 2009 (CHCAA, or HB09-1293) added a new group of low-income children to the CHP+ program beginning May 1, 2010—children in families up to and including 250 percent of the FPL. Table 5 provides county-level estimates of the uninsured children who gained eligibility for this program.

**Table 5. Uninsured Colorado children (ages 0-18) newly eligible for CHP+ under the CHCAA by county, 2010**

County	Children (206-250% of FPL)	County	Children (206-250% of FPL)
Adams	2,417	Kit Carson	64
